Contractor Request

Request Submitted By: Jon Buddingh 06/19/2025

Request: There are currently (3) steel arches along the existing exterior storefront. Please see attached photo for reference. Are these to remain or be removed? As the demo plan does not show removing them, but the finish elevations plan sheet does not show them.

Suggestion: Please advise

Response

Response By: Matt Andrus 06/25/2025

Response: A follow up email was sent by the GC that this RFI is no longer needed since sheet A2.1 indicates to remove the existing steel arches.
